Vaccinations

Indiana will begin administering vaccine by age

- Hoosiers age 80 and older can begin making appointments on Friday to receive vaccine

  Then, as more vaccine is available, the next eligible groups will be:
  - 70 and older age group
  - 60 and older age group

  We will notify you as vaccine is available for these next age groups

Vaccinations by age group

The goal is to save the most lives and have the greatest impact on reducing hospitalizations

Hoosiers 80 and older account for **3.8%** of the state population but more than **19%** of the hospitalizations and **52%** of COVID-19 deaths in the state

Vaccinations by age group

Impact of immunizing Hoosiers 60 and older:

22.5% of all **Hoosiers**
64.1% of all COVID-19 **hospitalizations**
93.3% of all COVID-19 **deaths**

Goal: Save the most lives while reducing hospitalizations

Vaccinations to-date

Total first-dose vaccinations given as of Jan. 6:
128,026

Total second-dose vaccinations given as of Jan. 6:
585

Number of Hoosiers scheduled to be vaccinated by end of month:
300,000

Appointments for these populations continue
